**Comments:**

6/24/2005 - Sent letter closing and retiring file. No noted surface impacts during recent inspection. If you want to conduct mining in the future, must resubmit NOI, pay fees and receive written authorization prior to creating disturbance.

6/21/2005 - Site inspected per operator request to close file. Has not removed rock in several years since he lost his SITLA lease. Only surface rock has been removed in the past which resulted in very low impacts to vegetation, which has recovered nicely. Recommend site be closed.

9/2/2004 - Received request to inspect and close file in lieu of paying permit fee.

8/10/2004 - Sent 2nd delinquency notice for no payment of 2004 permit fees. **MINING IS SUSPENDED UNTIL RESOLVED.** If payment is not
